Notes from District G Commander:

- 1) Make sure that information used on branch websites or Facebook isn't copyrighted as there is a possibility you could be sued.
- 2) Make sure all literature is changed to Gender Neutral for example: Chairman is now just Chair.
- 3) The class action lawsuit against Aviva is moving forward, still no change.
- 4) Ontario Command is working with the ACGO to help branches get more money from their Draws and Break open tickets.
- 5) The amount you can spend for repairs or new projects without reporting to the Housing Committee at Ontario Command is raised from \$10,000 to \$25,000.
- 6) There will still no internet gambling or Texas hold-em poker allowed in our Branches.
- 7) Please forward emails from Command to your membership. This is correspondence and must be forwarded to members at your General meetings.
- 8) Make sure to check the dates on all your branch licenses.
- 9) The Military Service Recognition Book needs more submissions, if you know of anyone who could be in the book have them send it in.
- 10) Comrades, please follow the chain of command if you have a problem or need a question answered, it goes Branch President then to the Zone Commander to the District Commander and if still don't have your answer Provincial Command. Nothing is worse than when Provincial Command comes down on a Zone Commander for something not being resolved. Problem was that the Zone Commander knew nothing about the problem because the Branch President went right to Command instead of going up the line. I know that most Zone Commanders have enough on their plates without getting command on their backs for not keeping up on the branches problems. Sorry, its hard to help if you don't know that a problem exists so please use the chain to get answers to your questions.
